Launch+ Workshops – Term 3

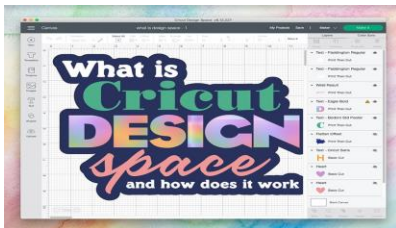

Cricut Explore Club

From cutting machines to crafting essentials, Cricut make it easy to create just for fun, however applying the design process will enhance your products.

You don't need any prior experience with Cricut as we will start with the basics of printing and move to more complex vinyl designs.

You will also learn how to use Cricut Design Space and the all the important functions to create your designs and create your own SVG files.

Come and learn the tips and tricks that will make your creations a joy to make.
