Foreword

The Gap State High School is offering families the opportunity to purchase a school managed device under the CYOD program. This Selection Guide provides specifications and configurations for the devices offered in the 2024-2025 round of Choose Your Own Device (CYOD) at The Gap State High School. To submit your expression of interest, please click on the “**Expression of Interest**” link on the CYOD page of the school website once it is available on **July 22nd**.

The 1-to-1 Technology Program (CYOD and BYOD) offered by The Gap SHS is explained in more detail in *The Gap SHS CYOD/BYOD Handbook* which is available on the school website. This Selection Guide should be read in conjunction with the Handbook document. Participation in the Student 1-to-1 Technology Program (CYOD or BYOD) is conditional upon participation in the Student Resource Scheme.

The devices offered in this selection come with a **3-year warranty (including battery) and 3 years Accidental Damage Protection (ADP)**. Pricing offered in this version of the Selection Guide is valid for the 2025 period.

Again, please refer to the *Gap SHS CYOD/BYOD Handbook* document for any points of clarity regarding support offerings, device ownership, software, etc.

Acceptance of this expression of interest is dependent on students being either a current student or being enrolled for 2025 at our school.

Timelines

Expression of Interest period	22 nd July 2024 – 30 th September 2024
Invoices Issued	Approx. 4 th October 2024
Device payment due date	23 rd October 2024
ETA of Devices	17 th January 2025
Devices handed to students	Starting week 2 of Term 1 2025

Option 1: Acer B311 - Intel Pentium Silver N6000

Compact and robust device ideal for Junior School students that require a smaller, more dynamic device. With capped computing power it is only recommended for students that are not considering Visual Arts & Media or Design Technologies.

- 11.6-inch FHD 1920 x 1080 resolution IPS Touch display
- Intel Pentium Silver N6000 Processor (4 MB L2 Cache, 1.10 GHz, up to 3.30 GHz)
- 8GB DDR4 (onboard)
- 256GB PCIe NVMe Solid State Drive
- Intel Wireless Wi-Fi 6 AX201 + Gigabit Ethernet
- Garageable Active Pen included, Rechargeable
- 1x Type-C USB 3.2 Gen1, 2x USB 3.2 Gen1, 1x RJ-45
- Spill-resistant keyboard
- MicroSD card reader
- All school-day battery life, 48Wh Li ion Battery
- Weighs 1.5kg and measures 20.9mm thin
- Targus Contego Armored Slipcase included
- 3-year Onsite NBD (includes battery) + Accidental Damage Protection
- **\$1,100 AUD***

**Prices in the Expression of Interest are unlikely to change however they are subject to changes in international supply chains. Please refer to the CYOD handbook for more details.*

Option 2: Acer P414 – i5-1240P processor

Provides a faster processor. It is strongly recommended that a Senior Secondary student studying in the Visual Arts & Media or Design Technologies area considers this option at a minimum.

- 14-inch FHD IPS touch display and 360° flip design
- 12th Gen Intel® Core™ i5-1240P processor
- 16GB DDR4 SODIMM RAM
- 256GB M.2 NVMe Solid State Drive
- Wi-Fi 6 Dual Band 802.11a/b/g/n/acR2+ax
- Garageable Active Pen included, Rechargeable
- Shock absorbent corners certified to meet MIL-STD 810H4
- 2 x 3.2 ports, 2 x USB Type-C Thunderbolt port, 1 x HDMI port
- Full sized backlit keyboard
- All school-day battery life, 56Wh Li ion Battery
- Weighs 1.58kg and measures 17.99mm thin
- Targus Contego Armored Slipcase included
- 3-year Onsite NBD (includes battery) + Accidental Damage Protection
- ***\$1,550 AUD**

**Prices in the Expression of Interest are unlikely to change however they are subject to changes in international supply chains. Please refer to the CYOD handbook for more details.*

Option 3: Acer TravelMate P414 – i7-1260P processor

Provides a faster processor. It is strongly recommended that a Senior Secondary student studying in the Visual Arts & Media or Design Technologies area considers this option at a minimum.

- 14-inch FHD IPS touch display and 360° flip design
- 12th Gen Intel® Core™ i7-1260P processor
- 16GB DDR4 SODIMM RAM
- 512GB M.2 NVMe Solid State Drive
- Wi-Fi 6 Dual Band 802.11a/b/g/n/acR2+ax
- Garageable Active Pen included, Rechargeable
- Shock absorbent corners certified to meet MIL-STD 810H4
- 2 x 3.2 ports, 2 x USB Type-C Thunderbolt port, 1 x HDMI port
- Full sized backlit keyboard
- All school-day battery life, 56Wh Li ion Battery
- Weighs 1.58kg and measures 17.99mm thin
- Targus Contego Armored Slipcase included
- **\$1,950 AUD***

**Prices in the Expression of Interest are unlikely to change however they are subject to changes in international supply chains. Please refer to the CYOD handbook for more details.*

FAQs

Q: When will I be invoiced for my selected laptop?

A: Invoices will be issued soon after the close of the expression of interest periods.

Q: Can I withdraw my expression of interest after the device has been paid?

A: Once an expression of interest has been paid for, we are committed to the order and as such we are unable to process a withdrawal. However, the device can be transitioned to a BYO and reset to factory settings.

Q: Can the school set use times for certain websites at home?

A: We are unable to set specific time frames for websites. It is highly recommended that families invest in a third-party internet filtering solution for their home devices while at home.

Q: Why can't the school state the final price of the device prior to invoicing?

A: Device prices available to the school are revised monthly. Factors such as supply chain, parts cost and demand influence the monthly prices. As such, we will only know the final price when devices are invoiced.

Generally, final prices do not vary greatly.

Q: Can I make payment prior to the invoice being issued?

A: Payment cannot be made prior to invoices being issued.

Q: Are there any software restrictions on the laptop?

A: Yes. There are some programs that cannot be installed as they have been deemed unsafe for student use by Education Queensland. These include but are not limited to Steam, Discord and Bluestacks. This list may grow as we become aware of future programs.

Q. Can I purchase a device after the expression of interest close date?

A. Unfortunately not. We are unable to accept orders past the expression of interest close date.
