

HOLLOW'S

The House of Kindness and Love

Named in honour of: Fred Hollows AC

Significant achievements/contribution to society: Fred Hollows had an unstoppable vision and worked tirelessly to end avoidable blindness. Hollows believed that everyone had the right to accessible high-quality eye care.

In his time as a humanitarian and eye surgeon, Hollows travelled to multiple war-torn countries and over 465 indigenous communities. He restored the eyesight of thousands of people who otherwise would have become blind.

Despite being diagnosed with cancer, Hollows was determined to keep pushing for change in the countries he cared deeply about. In the last few months of his life, he

discharged himself from hospital to fly to Vietnam to train over 300 Vietnamese eye specialists in modern surgery techniques.

The Fred Hollows Foundation now works in more than 25 countries and has restored sight to over two and a half million people.

Character strengths: Kindness and Love.

Colour of HOLLOW'S: Fuchsia Pink
