### Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 Investing for Success agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- All staff accessing in-house, regional expertise and Write That Essay professional learning opportunities to improve writing from year 7 to year 12. Junior secondary LOA outcomes averaged 30.6%, Senior school LOA outcomes averaged 27% slightly below the 35% aspiration. The Yr 7 and 9 U2B NAPLAN writing outcomes at 11.7% were significantly below the 40% target set. The QCS writing task exceeded expectations being 12.9% above the state mean and the 5% target set.
- Literacy coaches supported teacher to use high yield teaching strategies that support whole school literacy which contributed to high yields across the Yr 7 and Yr 9 NAPLAN strands with an average of 96% above NMS slightly below the 100% target.
- Engaged in-house expertise to support student wellbeing, resilience, motivation and growth.
